

for an excellent finish

# Belts, narrow: CERAMIT CN 466 X-flex

Flexible high-performance cloth abrasive belts with ceramic grain and an additional temperature-reducing coating

### Product benefits

- High productivity and economic efficiency
- Hard and sharp ceramic abrasive grit ensures high stock removal rates and long tool life
- Low grinding temperatures due to additional temperature-reducing coating
- Good adaptability to contours, radii and shapes
- Especially suitable for grinding on robotic grinding machines

### Applications

#### Forged and cast parts:

- Deburring of sharp-edged forged, stamped and cast parts made of stainless steel, tool steel, titanium, nickel and chrome-cobalt alloys

### Product design

Type:	CERAMIT CN 466 X-flex
Grain:	Ceramic core
Bonding:	Synthetic resin, with active ingredient coating
Backing:	X-flex cloth
Coating:	Closed
Grit range:	+ 60/80/100/120/150/180/220/240

### Stock programme Belts, narrow: CERAMIT CN 466 X-flex (Width x Length)
