

for an excellent finish

Belts, narrow: CERAMIT CR 456 Z

Very heavy and stiff high-performance abrasive cloth belts with ceramic grain and heat-reducing coating

Product benefits

- High productivity and economic efficiency
- Hard and sharp ceramic abrasive grit ensures high stock removal rates and long tool life
- High tear resistant, low stretch and waterproof polyester backing
- Low grinding temperatures and longer tool life due to additional Procut coating

Applications

Tubes, rods, wire:

- Centerless grinding of tubes & rods before chrome plating
- Customer finish of tubes & rods
- Grinding and finishing of tanks with stationary grinding machines

Forged and cast parts:

- Grinding surgical instruments
- Grinding implants
- Deburring and initial grinding of cutlery
- Stock removal of sprue on cast iron parts
- Stock removal of forging burrs on forged parts
