

Belts, narrow: MERCURIT RB 595 Y

Heavy, tear-resistant cloth abrasive belts with MERCURIT silicon carbide (agglomerate)

Product benefits

- Three-dimensional MERCURIT grit agglomerate structure extends tool life by 3-5 times, thereby increasing cost-effectiveness and productivity compared to conventional grinding tools (shorter machine setup times, lower costs for materials and disposal)
- High process stability due to uniform roughness values and stock removal rate for the entire duration of usage
- Suitable for wet grinding applications with medium grinding pressure
- Unsegmented wide belts up to 1550 mm in width available
- For universal applications: dry and wet (water-, emulsion- and oil-resistant)

Applications

Sheets, plates, coils:

- Finish of stainless steel sheets/coils

Product design

Type:	MERCURIT RB 595 Y
Grain:	MERCURIT silicon carbide (agglomerate)
Bonding:	Synthetic resin
Backing:	Y-cloth
Coating:	Special
Grit range:	P 80/120/180/240

Stock programme Belts, narrow: MERCURIT RB 595 Y (Width x Length)

 Very suitable
