

for an excellent finish

Belts, narrow: ZIRCONIT ZR 496 Z

Aggressive zirconia alumina belts with heat-reducing coating for applications with maximum stress and high demands on economy

Product benefits

- Very high stock removal rate and long service life
- Maximum performance through optimized abrasive grit coating process in combination with a robust cloth backing
- Suitable for applications with high grinding pressure
- Especially efficient when grinding heat-sensitive materials thanks to active ingredient coating

Applications

Tubes, rods, wire:

- Leveling of weld seams and surface defect grinding

Forged and cast parts:

- Grinding off castings on forged parts such as hand tools, pots, pans and knives
- Deburring of stampings out of steel and stainless steel and castings out of aluminium and out of other non-ferrous metals

Tank and vessel construction:

- Grinding of stainless steel tanks and containers on stationary grinding machines

Product design

Type:	ZIRCONIT ZR 496 Z
Grain:	Zirconia alumina
Bonding:	Resin, with heat-reducing active ingredient coating
Backing:	Very heavy, stiff Z-polyester cloth
Coating:	Closed
Grit range:	# 24/36/40/50/60/80/120

Stock programme Belts, narrow: ZIRCONIT ZR 496 Z (Width x Length)
