

Convolute wheels: webrax-CW

Convolute wheels with a long service life in different grades of hardness (silicon carbide or aluminum oxide grain)

Product benefits

- Very long service life with consistent high quality grinding results
- Fine, repeatable surface finish
- Machining of flat and complex shapes and contours
- Can be used manually or automatically
- Excellent price-performance ratio

Applications

Metal working:

- Deburring
- Edge rounding
- Fine finish

Product design

Type:	webrax-CW
Grain:	Silicon carbide (S) / Aluminum oxide (A)
Bonding:	Synthetic resin (partially free of components of animal origin)
Backing:	Nylon non-woven
Grit range:	8A-MED (+ 80), 7S-FIN (+ 180) softest wheel, 8S-FIN (+ 180), 9S-FIN-X2 (+ 180) hardest wheel

Stock programme Convolute wheels: webrax-CW (Ø x Width x Ø)

Convolute wheels

- 6" x 1" x 1" / 152.4 x 25.4 x 25.4 mm
- 6" x 2" x 1" / 152.4 x 50.8 x 25.4 mm
- 8" x 1" x 3" / 203.2 x 25.4 x 76.2 mm
- 8" x 1/2" x 3" / 203.2 x 12.7 x 76.2 mm
- 8" x 2" x 3" / 203.2 x 50.8 x 76.2 mm
