

for an excellent finish

Discs: BS 118, velour-backed

Very edge-stable, velour-backed silicon carbide discs

Product benefits

- Hard silicon carbide abrasive grit with sharp edges ensures very high stock removal rate
- Extremely hard combi paper in grit sizes P 16 - P 36 and strong F-paper with high edge stability in the other grit sizes
- Uniform, fine sanding pattern

Applications

Stone working:

- Edge and surface grinding of stone materials with angle grinders

Parquet treatment:

- Initial, intermediate and fine sanding with single-disc sanding machines

Product design
