

for an excellent finish

Discs: BW 114, velour-backed

Tear-resistant, antistatic and velour-backed aluminum oxide discs for high loads

Product benefits

- Excellent tool life and shorter machining times
- Antistatic equipment and open grain coating prevent premature clogging with sanding dust
- Handling is easy thanks to strong F-paper with high edge stability
- Especially suitable for sanding softwoods
- Suitable for applications with high grinding pressure

Applications

Automotive body shop:

- Manual defect grinding of surfaces
- Surface finishing with random orbital sanders

Product design

Type:	BW 114, velour-backed
Grain:	Aluminum oxide
