

for an excellent finish

Discs: RB 480 24 YX, velour-backed

Powerful, velour-backed cloth discs with zirconia alumina abrasive grain

Product benefits

- Tough zirconia alumina grain ensures high stock removal rates and long tool life
- Strong cloth backing increases work safety and reliability for grinding work
- For universal applications: dry and wet (water-, emulsion- and oil-resistant)

Applications

Automotive body shop:

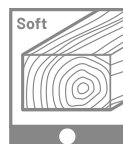

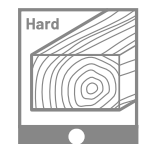

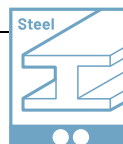

- Manual defect grinding of surfaces

Product design
