

for an excellent finish

Fiber discs: RB 314 fibre

Powerful aluminum oxide fiber disc

Product benefits

- Long tool life due tough aluminum oxide grain
- Especially suitable for grinding C-steel and non-ferrous metal
- Universally applicable in the bodyshop

Applications

Metal working:

- Weld seam and surface defect grinding with angle grinders
- Rust removal and cleaning of metal surfaces

Parquet treatment:

- Initial, intermediate and fine sanding with single-disc sanding machines

Product design

Type:	RB 314 fibre
Grain:	Aluminum oxide
Bonding:	Synthetic resin
Backing:	Vulcanized fiber
Coating:	Closed
Grit range:	P 24/36/40/50/60/80/100/120

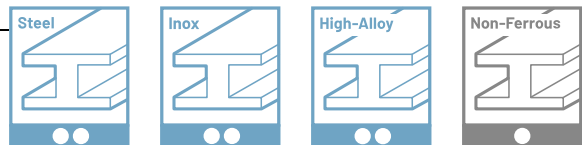

Stock programme Fiber discs: RB 314 fibre

 With middle hole, cross-slotted

- 4 1/2" / 115 x 7/8" / 22 mm
- 4 1/2" x 7/8" mm
- 5" / 125 x 7/8" / 22 mm
- 5" x 7/8" mm
- 6" / 150 x 7/8" / 22 mm
- 6" x 7/8" mm
- 125 x 22 mm

 Domed, with middle hole, cross-slotted

- 7" / 180 x 7/8" / 22 mm
- 7" x 7/8" mm
